| Important Questions | Answers | Why this Matters: |
|---|---|---|
| What is the overall deductible ? | \$3,000 Single/\$6,000 Family per Benefit Year | Generally, you must pay all of the costs from providers up to the deductible amount before this plan begins to pay. If you have other family members on the plan , each family member must meet their own individual deductible until the total amount of deductible expenses paid by all family members meets the overall family deductible . |
| Are there services covered before you meet your deductible ? | Yes. Preventive care services are covered before you meet your deductible . | This plan covers some items and services even if you haven't yet met the deductible amount. But a copayment or coinsurance may apply. For example, this plan covers certain preventive services without cost-sharing and before you meet your deductible . See a list of covered preventive services at https://www.healthcare.gov/coverage/preventive-care-benefits . |
| Are there other deductibles for specific services? | No. | You don't have to meet deductibles for specific services. |
| What is the out-of-pocket limit for this plan ? | \$3,000 Single/\$6,000 Family per Benefit Year | The out-of-pocket limit is the most you could pay in a year for covered services. If you have other family members in this plan , they have to meet their own out-of-pocket limits until the overall family out-of-pocket limit has been met. |
| What is not included in the out-of-pocket limit ? | Premiums , balance-billing charges, penalties for failure to obtain prior authorization, and health care this plan doesn't cover. | Even though you pay these expenses, they don't count toward the out-of-pocket limit . |

Be aware, your network provider might use an out-of- network provider for some services (such as lab work). Check with your provider before you get services. |
| Do you need a referral to see a specialist ? | In- Network providers : No. Out-of- Network providers : Yes, written referral is required. | In- Network : You can see the specialist you choose without a referral .
